

Air Freight Clearances... how does it all work?

Your package is sent from overseas to Australia
and the package arrives at the airline terminal

If the goods are under \$1000 AUD
then no tax is payable.

Regardless of the value of the goods you
require a customs broker to clear the
goods through Customs and Quarantine

If the goods are over \$1000 AUD
then duty and/or GST is payable

HOORAY!

Tight Ass Customs® needs 3 things to proceed (email to info@tightassclearance.com)
